Charleston, West Virginia 25311

RE: FOIA Request for WVDCR deaths in custody 01/01/2020 to present

Dear Ms. Whitaker:

Please be advised that the West Virginia Division of Corrections and Rehabilitation received your September 11, 2023. Freedom of Information Act request. Pursuant to West Virginia Code § 29B-1-3(a) you have the general right to inspect public records within the custody of a state agency, subject to certain limitations. This response is being provided to you on behalf of Commissioner William K. Marshall, III, who is the custodian of records for the West Virginia Division of Corrections and Rehabilitation.

You requested:

1. "A log of all people who died in the custody of the Division of Corrections and Rehabilitation between January 1, 2020 and the date of this request. Specifically, we request the following information about these individuals:

- a. Date of Death
- b. Admission Date
- c. Date of Birth
- d. Race
- e. Gender
- f. Age at Death
- g. Facility where death occurred
- h. Manner of Death
- i. Cause of Death
- j. Custody Status
- k. County that initiated custody (for example, through a pre-trial hold or sentencing commitment.)

The public records which have been identified as responsive to your request are attached hereto.

Regarding your request for production of a *Vaughn* index, one will not be provided now as such is only appropriate in litigation and there is no error if the index is provided during litigation. In *Farley v. Worley*, 215 W.Va. 412 (2004), it is noted "the *Vaughn* index is implicated by FOIA litigation-not simply by a FOIA denial. See *Natural Resources Def Council v. Nuclear Reg. Comm'n*, 216 F.3d 1180, 1190 (D.C. Cir. 2000) (*Vaughn* index is a 'rule that governs litigation in court and not proceedings before the agency.')." Thus, "[t]here is no requirement that an agency provide a 'search certificate' or a '*Vaughn*' index on an initial request for documents." *Id.*

To the extent you consider any part of this response a denial, the responsibility of the West Virginia Division of Corrections and Rehabilitation to respond to your initial request is at an end. If you feel the information contained in this response is contrary to law you may institute an action for declaratory and/or injunctive relief in the Circuit Court of the county in which you assert the records are kept, subject to all jurisdictional procedural prerequisites, which are specifically not waived.

Sincerely,

Sallie Daugherty
On behalf of the Commissioner
